

Camera - Presenting from BOPP

1. Take Control Of Projectors

3. Take Control Of Video Conference

2. Projectors 1 & 2 ON, Video Conference Near on one and Far activated on the other

4. Select Your Camera (What they can see) and select What you want them to see (on their projector) this will be set to Audience

5. Turn up V-Conf Volume and mute your microphone Mic ON so it is red until you are ready to talk to the BOPP end
